¹ Requires internet connection. ² The up to 30% less ink used claim is based on actual ink used when printing color graphics and text documents obtained by continuous printing in accordance with ISO/IEC 24711. Actual results may vary depending on number of pages actually printed per month and content of pages printed. Eco Mode 1 uses 20% less ink by reducing the density of ink printed on a page resulting in a slightly less vibrant image. Eco Mode 2 uses 30% less ink on a page by reducing the density of ink printed (same as Eco Mode 1) and also reducing the size of the printed image by 3.25% on each side of the page. For more information see www.kodakverite.com/ecomode ³ Wireless performance is dependent on the physical environment and distance from the access point. Wireless operations compatible with 2.4GHz router only. ⁴ Available for free from Apple or Google On-line App store. ⁵ Available for free from Apple or Google On-line App store. ⁶ Print speed is measured in a manner compliant with the ISO/IEC 24734 standard.
